- Licensed bodies from Ferrari, Lamborghini, Porsche, Nissan, McLaren, Subaru, Toyota, Mercedes, BMW, Honda, and more!
- Durable chassis that lets you focus on the fun and not the pits. One of the lowest maintenance costs in all of R/C.
- Low cost! - RTR Readysets start at **\$109**. Just add 8 AA batteries for the transmitter and 4 AAA batteries for the car and you are ready to race!
- A set of rechargeable AAA batteries will run the car for 45 minutes!
